I am an aspiring UI/Visual Designer with impeccable attention to detail.

I have a total of 4 years experience, ranging from graphic design, UX writing, wireframing, and most importantly UI/Visual Designing.

My Primary focus throughout, has been create -

- **Responsive, multi-screen UI design**
- **Adaptable design system across standalone & web-based**
- **Graphic and illustrator design**

Experience

- UI/UX Designer, **EUITSols Ltd** 2024- Present
- Graphic & UI/UX Designer, **European IT Solutions Institute** 2024- Present
- Graphic Designer, **Dekora Bangladesh** 2021-2023
- Freelancer, **Fiverr/Upwork** 2020-Present

Notable Work

Website Design

- **Web Page Designs:** Developed over 20 unique web page designs, focusing on aesthetic appeal and functionality.
- **Collaborative Projects:** Partnered with cross-functional teams to create wireframes, prototypes, and user experiences for more than 30 websites, ensuring alignment with client objectives.
- I have designed several notable websites, including enhancing **EvolutionAuto** with intuitive navigation, creating a user-friendly interface for **Dhaka Pharmacy**, and developing the **Eravend CRM platform**. My projects also include responsive designs for **Editing Hospitality Group** and **Green Room**, along with an appealing site for **Peradiso Burger** Resturant Website. Each project showcases my commitment to user-centered design.

Mobile App Designs

- I have designed over five mobile apps and collaborated with seven designers on 12 prototypes, enhancing my user-centered design skills
- Recently, I completed the **Dhaka Pharmacy App**, focusing on intuitive navigation and engaging visuals to elevate the user experience.
- I also improved the UI/UX for the **Resturant App**, streamlining usability. Each project reflects my dedication to high-quality mobile solutions.

Graphic Design

- I create visually compelling communication and have led the Design and redesign of over 10 company logos. Collaborating with cross-functional teams, I ensure a clear understanding of project goals. Additionally, I've designed over 60plus social media posts, web banner, Illustration to enhance brand presence and engagement.
